## **PRESS RELEASE**

### **Triple good news for Northants “Thunder” Senior Men**

Like the number 2 bus in London, good news came in bunches for the Northants senior men’s team last week. First the Club heard that based on their performances this season, “Thunder” had been promoted to the VCARS.co.uk Division 3. They will play in the North Conference so will be facing teams from basketball hotbeds like Birmingham, Leeds and Sheffield. They will also face Tees Valley Mohawks II who lost to Bracknell “Cobras” in the Division 4 Play Off Final.

Team coach Grahame Yates commented that promotion had been the aim of the team from the outset of the season but it was pleasing anyway. He also acknowledged that the competition in Division 3 would be much tougher but a challenge he and the players are relishing. Yates was also the subject of the club’s second piece of good news with the announcement that the Northants play-caller had been named as Division 4 Midlands Conference Coach of the Year.

The third piece of good news came in the form of a Division 4 Midlands Conference ‘Player of the Year’ award to forward Leon Henry for his scoring heroics last season. This is a fitting reward for a young man who started his playing career with the Club as an 11 year old, continued with massive success at Northampton School for Boys and Moulton College, then played for Wellingborough “Phoenix” before moving back to his alma mater.

#### **Past versus Present Exhibition Game**

**Northants Past team**

A large crowd assembled at the Basketball Centre last Saturday to watch an exhibition game between the club’s current senior men’s team and players who have been associated with the Club as players in the past. No less than 27 players hit the court in what became a very competitive encounter.

The ‘Past’ team took the early initiative with Rudi Perrin showing that despite a slight excess of weight, he could still pose a problem close to basket while a ‘banked’ three-pointer in the second period of play had John Collins exclaiming that this was a new skill in the player’s repertoire. With Steven Archer looking sharp in the backcourt the “Past” took a 22-14 lead after the first quarter.

This lead was extended to 26-14 early in the third quarter and “Thunder” decided it was time to start playing and three-pointers from Josh Dixon and Jason Tucker hauled the score back to 26-31. The “Past” responded with three-pointers from Gary Burton, Tom Care and Jack Thomas to help their team to a 44-32 half time lead.

“Thunder” came out with all guns blazing at the start of the third period of play and a 12-1 charge took them to within one point of the “Past” at 44-45. “Past” coach Brian Johnson responded by fielding a small mobile team and immediately the energy of their defence increased and two breakaway scores from Jermaine Laing restored a 10 point lead from the “Past”.

Trailing 45-55 going into the last ten minutes of play “Thunder” took the court with their game face on and three close to the basket scores from Leome Francis took them to within four points of their opponents early in the quarter. The “Past” responded through Archer and the two teams exchanged baskets for the next five minutes so with two minutes to go the “Past” still led 71-63. “Thunder” mounted one last charge but could only convert one of four free throws before a Francis put back and a three pointer from Nick Kitchen got the score to 71-69 and that is how the game closed.

For “Thunder”, Leome Francis led his team’s scoring with 18 points while Asher Kirby and Jason Tucker both contributed 12 points while for the “Past”, Rudi Perrin and Steven Archer scored 16 and 15 points respectively while Jermaine Laing contributed 10
