

NORTHANTS BASKETBALL CLUB

PRESS RELEASE

Northants Basketball Club's Summer Programme a resounding success

Last week the Northants Basketball Club launched its Summer Coaching Programme following the easing of Covid restrictions by Basketball England. The programme will run for twelve weeks, it will involve all sections of the Club and unlike the Easter Camps will be held indoors. The first session was held last Monday and the programme continued each evening last week and all day on Saturday.

There has been a general concern in the sport that some players would not return after the long Covid-inflicted lay off, but this hasn't proved to be the case with over **190** boys and girls attending the twelve sessions. Club Administrator, Karen Goodrich explained that the club was delighted with the response and thanked the parent volunteers who had conducted the pre-session screening and the commitment of the coaches, "We were slightly concerned that some players might not return after the long lay-off, but this doesn't seem to have happened and last week's turnout was absolutely magnificent. The Club is very grateful to the fourteen coaches and the six 'parent screeners' who have made this week so successful."

For the Summer Programme the Club welcomes three new coaches. The three are Stephen Matthews, Matt Sokolowski and David Young and they will be working with younger boys in the Club as they start preparation for next season.

Despite the large numbers already involved in the club new players are always welcome and anyone interested should contact the club by email at northantsbasketballclub@hotmail.co.uk
